Age Verification

The City of Raleigh Parks, Recreation and Cultural Resources Department strives to provide age-appropriate curriculum and programming for all recreation services delivered. To meet this goal, the age of the participant as of the cut-off date for the program is required at the time of registration to appropriately place the participant in our programs. The Parks, Recreation and Cultural Resources Department reserves the right to request that the parent/guardian provide a legal document (i.e. birth certificate) verifying the age of the participant as of August 31. Specific camps may have additional requirements or limitations that can be found in the camp's description. If legal documentation is requested and not provided within 24 hours, the program supervisor may offer the parent/guardian a transfer to an age-appropriate program if available or dismiss the participant from the program. The parent/guardian will be responsible for any difference in fee if a transfer occurs. No refund will be given if the participant is dismissed from the program.

Babysitting

Any babysitting arrangements with present or former staff of the Parks, Recreation and Cultural Resources Department are separate and independent from any Departmental program. These arrangements must be based on the independent responsibility and judgment of the parent or guardian. The City of Raleigh Parks, Recreation and Cultural Resources Department is not responsible for any claims or liability in connection with such babysitting activities.

Behavior Management

We utilize and encourage the practice of praise and positive reinforcement as effective methods of behavior management. We believe that when participants receive positive and understanding interactions, they can develop good self-concept, problem-solving abilities, and self-discipline. The City of Raleigh Parks, Recreation, and Cultural Resources Department supports and practices the following procedures for behavior problems:

1. Initially, participants will be given a quiet reprimand/ verbal warning.
2. If behavior persists after verbal warning, a Behavior Action Plan will be implemented to identify specific behaviors and work with the participant and parent/guardian to develop appropriate behavior management solutions.
3. If behavior problems continue after implementation of the Behavior Action Plan, a first Incident Report will be presented to the parent/guardian.

4. Additional behavior problems will constitute a second Incident Report presented to the parent/guardian and a possible suspension of two full days from the program may occur. (No refunds will be given for the days suspended.) The parent/guardian may be requested to pick up the participant within an hour of the initial contact to the parent/guardian. If a parent/guardian does not pick up the participant within an hour, a late fee may be charged.
5. If a behavior problem persists, a third Incident Report will be presented and the participant may be asked to leave the program. A suspension of two full days will be issued to the participant while the Incident Reports are being reviewed.
6. For severe offenses, such as but not limited to fighting/ hitting, theft, vandalism, bullying, possession of weapons or drugs, severe verbal threats, sexual misconduct, or any other safety related behavior, the participant may be suspended or dismissed from the program immediately. Any of the above mentioned behaviors may result in immediate suspension or expulsion from program.
7. Participants will not be disciplined in camp for behavior that occurred outside of camp hours, even at parental requests.
8. Participation in camp activities during program hours is required.

Confidentiality

Parks, Recreation and Cultural Resources Department staff will not discuss confidential matters or personal information with anyone outside of the Department or with unauthorized individuals.

All participants are encouraged to respect the confidentiality of other participants by not disclosing personal information with social media such as Facebook, Twitter, etc. Departmental staff are not permitted to share personal information about or images of any participants or staff through social media such as Facebook, Twitter, Instagram or Snapchat, or discuss any personal information about participants outside of the workplace.

Dress Code

Participants should wear cool, comfortable clothing and athletic shoes in order to participate in recreational or athletic activities each day. If appropriate attire is not worn, therefore preventing participation, the parent/guardian may be asked to bring appropriate clothing or will be required to pick up the participant. Certain camps may have additional clothing requirements.

Unacceptable attire: sandals or flip-flops; shirts with spaghetti straps; clothing that displays drugs, alcohol, tobacco, sexual or gang references; two-piece bathing suits; excessively loose pants or shirts; revealing clothing; jewelry; crocs™. Certain camps may allow exceptions to this list.

2015 Camp Policies

No electronic devices are allowed (examples: mobile phones, MP3 players, gaming devices, etc.) unless accommodations have been made for the participant through an Inclusion Plan. Staff reserves the right to confiscate electronic devices if issues arise.

Participants may have the opportunity to bring in items (toys, books, etc.) from home with program staff permission. If you choose to allow your participant to bring in items from home, the City of Raleigh Parks, Recreation and Cultural Resources Department does not assume any responsibility for lost or broken items. Departmental staff reserves the right to confiscate any item that is not appropriate or may be used in an inappropriate manner while in our program. Items that are not appropriate include, but are not limited to:

- Any item that can be used to harass or intimidate another participant.
- Any item that causes disruption to scheduled activities

Confiscated items will be returned to the parent/guardian at the end of the day.

Field Trips

Raleigh Parks, Recreation and Cultural Resources will transport participants offsite in vehicles provided by or contracted by the City of Raleigh. If a program participant arrives at camp after the scheduled departure for a field trip, it is the responsibility of the parent/guardian to either:

- Transport the participant to the field trip location and sign in the participant with a City of Raleigh camp staff member at the field trip site, or;
- Transport the participant to the camp site once the camp returns from the field trip location and sign in.

Buses will leave the program location at the advertised scheduled time and will not be delayed to wait for participants to arrive at the program site. Participants cannot be left at a camp location without camp staff present. Refunds will not be awarded if participant misses a field trip. The City of Raleigh Parks, Recreation and Cultural Resources Department does not accept responsibility for program participant until they are signed in with program staff.

If a parent/guardian needs to pick up a participant while on a field trip, it is the responsibility of the parent/guardian to pick up the participant at the field trip location. Confirmation of the early release is required prior to participant being released.

Food

Any food brought into any program to be served to program participants must be store-bought with labeled ingredient information. Due to allergy concerns, homemade food items will not be accepted into our programs.

Illness/Injury

Any participant should remain home from all summer camps if they have had any of the following in the past twenty-four (24) hours:

- Contagious conditions (i.e. fever 100 degrees or higher without fever-reducing medication, diarrhea, vomiting, sore throat, undiagnosed rash, chicken pox, pink eye, ringworm, head lice, or any other potentially contagious condition.)
- Physical injury that does not allow the participant to safely participate in the camp program.

If a participant demonstrates any of the above while at camp, the parent/guardian will have one hour to pick up the participant from the camp location. If the participant becomes sick while at camp, he/she will be separated from the other participants while the parent/guardian is called to come and pick them up. After 24 hours, if the participant is symptom free or written documentation has been received from a doctor stating the participant is not contagious or can safely participate, they may return to camp. If you suspect that your participant has a contagious condition that may be spread to others, please notify your camp director as soon as possible. Please do not bring the participant back to camp until the camp director has been contacted.

The above criteria apply to all participants including those with Inclusion Plans or other accommodations.
